Corporate Events Mixology

Impressing clients and building a lasting reputation within your chosen field is central to helping your business grow. The hard work extends beyond the office too, with corporate events providing a popular place to network, share ideas and ultimately promote your business in the best possible light.

Delivering a corporate event with a difference is a big ask, and putting on a function that both engages and entertains your guests can be even more tricky.

Here at Mix and Twist, we understand the need to impress, which is why we specialise in corporate event mixologists and bar hire for groups of all sizes.

Our team of highly skilled mixologists are professional in their approach and demonstrate a genuine passion and flair for the work they do.

Meanwhile, our events managers will work closely with you to understand your aims and develop something spectacular and on-brand, ensuring your event is remembered for all the right reasons.

A lasting impression

PRODUCT LAUNCHES

We're experts in our craft, so let us add an unforgettable element to your launch night!

From the initial planning stages of a new product, service or store, a huge amount of effort and many hours are put into ensuring the most successful outcome.

And the same goes for your launch event too. We'll take the time to get under the skin of your launch theme, and ensure we replicate it across our bar environment with a range of branded assets, all designed to help your original idea take shape in front of your eyes.

CLIENT EVENING

Impressing existing or potential clients is what allows your business to grow.

Client evenings are a unique opportunity to demonstrate what your company is about, and the lengths it can and will go to in order to give clients the best experience possible. And in support of that, our team of mixologists and flair bartenders will play their part in creating the perfect client evening, full of wonderful cocktail experiences that they will be talking about for years to come.

STAFF PARTIES

Throwing a spectacular staff party is the perfect way to engage and motivate your team.

Whether you're celebrating a recent workplace success, honouring a special occasion or simply want to say thank you for all the hard work everyone has put in, trust Mix and Twist to make your next staff event one to remember.

TEAM BUILDING

It's difficult to find a source of entertainment for your guests that stands out from the crowd and makes your event unique, memorable and full of WOW factor.

Ever fancied yourself as a bit of a Tom Cruise? Well now is the chance to learn! Our Team Building Cocktail Masterclass does just that, as our highly experienced mixologists guide you through everything you need to know in order to make that perfect cocktail.

EXHIBITION STANDS

The most powerful marketing tool you will see at an exhibition!

If you've never come across cocktails at an exhibition stand, let me tell you it is the most popular stand at the show.

Enjoy the buzz of excitement as delegates charge towards the cocktail bar to swap decision makers' contact details for a cocktail or mocktail!
