MASTERCLASS IN A BOX

## TAKE PART IN A LIVE ONLINE VIRTUAL COCKTAIL MASTERCLASS

Who said staying in had to be boring? This cool new collective way allows you to take part in a virtual cocktail masterclass.

Once the masterclass goes live, your mixologist will guide you through some classic cocktails. Each round we will add in an interactive competition element where you can show off your skills online and to the private group.

Join others from across the world in this live online cocktail masterclass experience. Decide whether you would like to shop for the stock, glassware, equipment and fruit yourself, or you would like us to send it in one all-inclusive box, delivered direct.

# Why choose us?

We build the experience around you.

## Your event will be fun and engaging to lift people's spirits

After much research and development we have created a specialised masterclass format we know to increase interaction between the team and boost morale

## Your box includes everything

Sourcing lots of items can stress the attendees, so we packed the box with loads to enjoy a full masterclass experience. You just need the ice.

## All the boxes will arrive before the masterclass

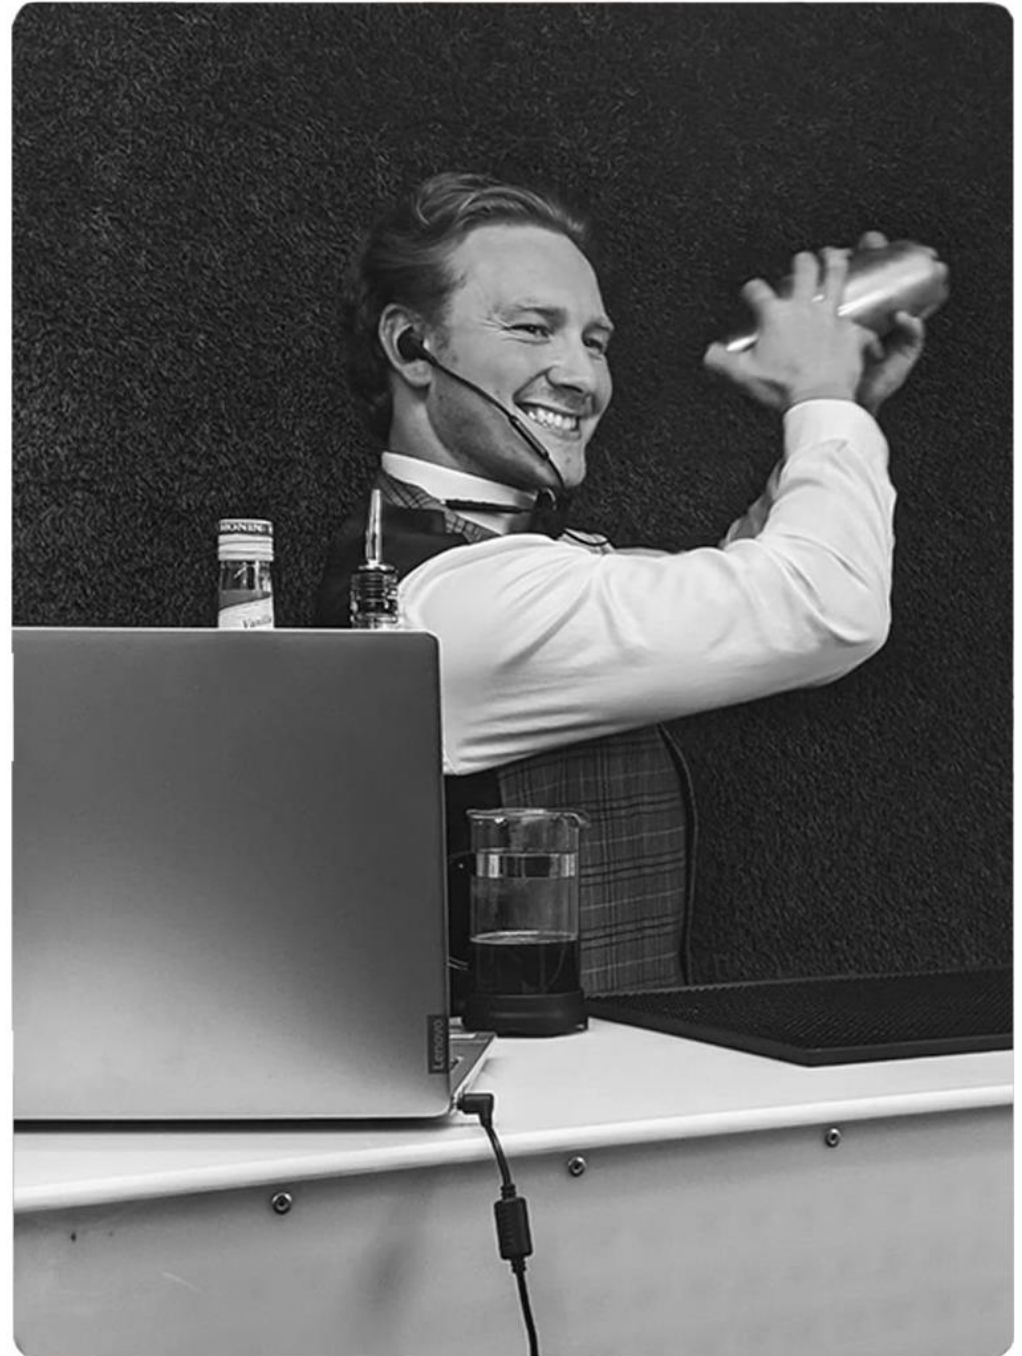

We have a 100% delivery record for the UK and understand it is vital that everyone receives their box before the event.

## Your international colleagues can join

We specialise in international shipping so the full team can take part.

## You create extremely good cocktails

As we use fresh, high quality, and correct cocktail ingredients combined with expert guidance, your drinks will be some of the best you have ever tasted.

# THE NUMBER ONE VIRTUAL COCKTAIL MASTERCLASS COMPANY

“No area for improvement. We thought the cocktail master class was excellent and superbly delivered by Anthony our mixologist on the night. We have had great feedback from all of our staff at Glenville Walker and Partners about the session and it really helped us gain a sense of team fun and laughter in a transient time such as lockdown 2020.”

FLAIR BARTENDERS

Hey James

**Just wanted to say a massive thank you for the session on Friday**

- the team had a brilliant time and we were really impressed by the whole experience from start to finish! Including the delivery service and ensuring everyone had their box.

A partner company of ours will be reaching out to you this week I believe, they're slightly bigger than us with 75 heads-ish.

Take care!  
C.W.

# Virtual Cocktail Masterclass time

Hi James

**We all had an  
excellent time!**

Thank you so much for the quick turnaround and the excellent service and demonstration. It really finished off our sales and marketing meeting and helped us to celebrate our fantastic quarter end results at a time when it's not so easy to get together as a team.

Best regards,  
A

**Thanks for a great  
event yesterday,**

I really enjoyed it though my  
'glamorous assistant' snaffled  
most of the output. 😊

Great to meet everyone and  
thanks again for a very unusual  
and diverting time. I think  
my favourite was also the Gin  
Garden, though Adele liked the  
Gimlet best.

**Thanks for  
organising a fab  
evening, going to  
test out my new  
skills on my friends  
on Saturday.**

Proud to work with

**Deloitte.**
